THE FORTUNE TELLER.

The Dispatch of Columbus, O., of February 7th says—

"The Fortune Teller" is just as tuneful as ever. It has suffered none in time for its songs are of the kind that will wear. The production pleased and brought out much applause from the audience. "The Fortune Teller" is produced by practically the same company which played it a year ago at this play house with some minor changes. Grace Orr Myers has the dual role of Musette, the fortune teller, and Irma, the little pupil at the ballet school. She sings well and has a good stage presence. Count Beresowski, a Polish composer role, is essayed by Phil Branson again and he is as good as ever, as is Herman Hirschberg, the father of Musette and a wandering gypsy.

At the Washington Opera-house soon.

Captain Hugh Young of the Anchor Line steamer Farnesia, plying between New York and Glasgow, recently completed his one thousandth trip across the Atlantic.

George W. Raper is a blind type-writer operator in an Indianapolis factory. He is rapid and accurate in an unusual degree, and because of his inability to correct errors has learned to make very few. Raper lost his sight two years ago as the result of a fever.

Mrs. Kate Edwards, who is under sentence of death at Reading, Pa., for the murder of her husband, has made a statement exonerating Samuel Greason, the Negro who was convicted at the same time for complicity in the murder. Greason is also under sentence of death.

Persons are killed at the rate of one for every day in the year in New York City streets by vehicles.

Dr. L. A. Van Wagner of Brookfield has invented a device which is to be attached to the telephone which will give indication if there has been any call during the absence of the attendant.

Sick Headache.
This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be ward-off, or greatly lessened in severity, by taking a dose of these Tablets as soon as the first symptom of an attack appears. Sold by all Druggists.

MASON SUNDAY-SCHOOLS

Rating Given in The Kentucky Sunday-School Reporter

The Kentucky Sunday-School Reporter for January-February, just issued, has some interesting statistics on the schools of the state.

Mason county is given a second rating on the following points—a good county convention, practically a complete statistical report and its apportionment paid in full.

There are forty-four schools in the county, 320 officers and teachers, 2,250 pupils, with an average attendance of 1,627.

In 1900 the collection for state work was \$80.75; in 1901, \$100.25; 1902, \$102; 1903, \$91.65; 1904, \$82.64.

OPINION OF COURT

Decision Rendered in Suit Appealed From Mason County

The suit of Hamilton v. Mayville and Big Sandy Railroad Company, taken up from this county, was affirmed by the Court of Appeals. Judge Nunn delivering the following opinion—

Lands—Condemnation of—Tender.—In this case it appears that the appellant announced in open Court that she would not accept the money awarded her for her land, and this being true a tender was unnecessary, and appellee was excused when the money was deposited by it in open Court.

A. D. Cole and T. R. Phister were the Attorneys for appellant; Worthington & Cochran and W. H. Wadsworth for appellee.

It's to Make the Forgetful Man Get a Think On Himself

Colonel W. W. Wikoff, C. and O. Agent at this place, has had patented a most useful article, especially for business and professional men.

It is a memorandum attachment for watches. It neatly fits to the back case of a watch, and when a man opens his timepiece there is the reminder, too; and a memorandum made on the attachment will not be overlooked.

This little piece of mechanism will undoubtedly become popular, as everybody who carries a watch needs the latest improvement that goes to make it complete.

See Mr. Wikoff, get a reminder and save trouble.

River News

The ice gorge at Moulton is over ten feet high.

The Big Sandy is open and running with a swift current.

The big Sprague has been successfully fighting the ice at Louisville.

It is estimated that 100,000 logs are floating down the Kentucky river.

Guards have been placed on the Licking river to report any break in the ice.

A train load of gunpowder was shipped to Ford, on the Kentucky river, to blast ice.

Little hope is entertained of saving the steamer New South in the Cincinnati harbor.

The Ohio river wasn't asked, but it, too, closed here Tuesday afternoon at 2 o'clock.

Lots of coal has been put in the harbor at Pittsburgh for shipment at the earliest possible moment.

The Sundry Civil Bill reported to Congress Tuesday carried an appropriation of \$85,000 for work on the Big Sandy river.

Rivermen say the ice-bound Ohio river in the vicinity of Cincinnati is the worst in the history of that stream. Unless the ice passes off on a high stage of water, following days of moderating weather, there will be great destruction of floating property for miles above and below the city. Blasting has been resorted to to clear ice away from the coal fleets.

MRS. L. F. MULRAY.

"Nervous Headaches—Run Down."

Tired, sick nerves cause nervous headaches. The nerves stop doing their work properly. They protest against neglect and abuse. Their tired, sick condition is shown in many ways, sometimes one way, sometimes another. Headaches, "unstrung," "worn out," "run down," "nervous," "blue," all warnings from sick nerves.

Health, vigor, determination, courage—in fact, all that makes life worth living depends upon a healthy supply of nerve force.

Paine's Celery Compound makes new Nerve Force, it revives the old force and makes new. It not only does this, but by strengthening the nerves that control all the organs of the body, it cures the real cause of headaches, neuralgia, rheumatism, malaria, and the many diseases coming from a run down condition of the nerves.

For 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world. For 18 years—think of this fact and realize what it means.

Read the experience of Mrs. L. F. Mulray after La Grippe:

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than when I went to bed. As my medicine did not seem to help me any, the doctor advised a complete change, but, as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since, and they all feel as pleased with results as I am. Yours very truly,—Mrs. L. F. Mulray, Fifth and Mercer streets, Seattle, Wash. Treasurer Skoogay Country Club.

Thousands of grateful patients tell of the unfailing effect of Paine's Celery Compound as a nerve vitalizer and tonic. Physicians, the world over, use and prescribe it and testify to wonderful cures.

One bottle will prove its wonderful properties—it gives almost instant effect.

Try Paine's Celery Compound to-day.

It braces you up at once.

See how much better you feel.

See how much more easily the trials roll away.

Let Paine's Celery Compound strengthen and restore your nerves, nourish your system, purify your blood and help you back to vigorous, buoyant health.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians America has ever known—Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.
